## Schedule

Compliance with these conditions is mandatory under the *Heavy Vehicle National Law*.

Condition ID	Condition Description
001	The approval holder must notify the NHVR and all existing EWD approval holders (as listed on the NHVR website) of new IP addresses and public key details whenever a change or update to these details occurs.
002	The NHVR may amend rule sets. When this happens the NHVR will contact approval holders. Approval holders must ensure the correct versions of rule sets are operational within their EWD.
003	The approval holder shall undertake ongoing penetration testing to ensure that the EWD continues to be resistant to unauthorised technical interference and where a compromise of this nature is detected or suspected provide notification to the NHVR.
004	Upon cancellation of an approval by way of either approval holder request or NHVR initiation, the approval holder must cooperate fully after the point of exit to ensure appropriate data transfer occurs and that the cancellation is minimally disruptive to previous users of the EWD including complying with all outstanding record keeping requirements.
005	The approval for the use of Q by Quallogi by Kynection on iPhone and iPad devices is only for devices operating iOS version 12 or equivalent subsequent version.
006	The approval for the use of Q by Quallogi by Kynection on Android devices is only for devices operating version 6.0 or equivalent subsequent version.
007	The approval holder may implement AFM rulesets (an implemented AFM ruleset) for use by drivers employed by a holder of AFM accreditation. A given implemented AFM ruleset must be specific to a given holder of AFM accreditation
008	An implemented AFM ruleset may only be made available by Q by Quallogi by Kynection to an AFM accreditation holder with the written approval of the Regulator. Any amendment of an implemented AFM ruleset must be approved by the regulator before being made available by Q by Quallogi by Kynection.
009	Data regarding a driver's work and rest hours under an implemented AFM ruleset, or the conditions of a given holder of AFM accreditation must not be able to be shared with any other EWD technology provider at any time without prior approval from the NHVR.
010	If the operation of this implemented AFM ruleset differs in a specific way from the operation of a standard or BFM work set (for example; the AFM ruleset does not support peer to peer transfer of past records) or has any other particular requirements, instruction on these differences or requirements must be provided by Q by Quallogi by Kynection to the user of the application

## Change of details

The approval holder must notify the National Heavy Vehicle Regulator within 14 days of any change to approval holder details or any change to details of the electronic recording system to which this approval pertains.
